APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion of the waters of Wells Creek as heretofore granted under Permit 46280, is issued subject to the terms and conditions imposed in said Permit 46280, and with the understanding that no other rights on the source will be affected by the change proposed herein. A substantial headgate and measuring device must be installed and maintained to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water under this proposed change at any and all times.

This Permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The permit granted herein carries with it no provision or guarantee for the continuous use or availability of the water since the source is in effect, effluent from septic systems within Sun Valley.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not

to exceed.....0.7.....cubic feet per second, but not to exceed 506.784 acre-feet annually and not to exceed a yearly duty of 4.0 acre-feet per acre of land irrigated from any and/or all sources.
